

花

HANA

HANA is a boutique that makes stylish clothes but also gives light to the environment. In HANA we only use non toxic, and reusable materials.

”

HANA

Hana is a clothing line with Spring and Summer season inspirations.

HANA means flower in Japanese.

The clothing line is inspired by the Spring season because it is the most trendy time of the month due to the fact that snow is decreasing and flowers are blooming.

Summer Style

Floral inspired clothing is a huge trend in the summer due to its beautiful and lively designs. Flowers are fully bloomed during summertime.

Price matters.

Price

In HANA, you not only get beautiful and stylish clothing, but HANA's clothings would also be cheap.

Clothing ranges from \$10 - \$35

Shoes ranges from \$20 - \$60

SIZE

- ◉ In HANA you do not need to worry about sizes. If you find a clothing or shoes you like from us and we do not have your size in store, you could order it and we could customize it to your liking.

There will be some customization and alteration fee due to the fact that we are using natural fiber clothing.
